Controlled substances that are used as a maintenance medication will not be called in after hours or on weekends. These medications may require a hand-written prescription.

Late Arrival: Patients are required to be on time for their scheduled appointments. New patients are required to arrive 20 minutes early with their new patient packet. You may be required to complete additional paperwork before being seen. In the event of late arrival, it will be at the discretion of the provider if they will be able to see you. You may be asked to reschedule your appointment to maintain the integrity of the provider's schedule.
